Consolidate your business knowledge documentation into an easy-to-use **SaaS solution**

Retain Knowledge

Knowledge retention is a significant issue facing businesses today. High staff turnover and poor documentation are often the cause. The Oracle (KM) gives you a central knowledge repository based on a simple Q&A interface.

Simplicity

Many businesses cite the complexity of documentation systems as being the primary cause of people not maintaining adequate documentation. The Oracle (KM) is so simple that anyone can use it. It is a snap to use.

SaaS Enabled

The Oracle (KM) is cloud based and secure. We handle the hosting, the backups, patching and security so you can focus on your work. Leave the heavy lifting to us.You also get access to a dedicated help desk to provide you with guidance at every step of the way.

The Oracle KM – a dedicated SaaS Solution Manage your knowledge base in the cloud
The Oracle KM is backed by a dedicated support team – 7 days a week Help Desk

The Oracle KM is a Computing Australia solution to all these problems. We have developed a natural language SaaS product that makes it easy to create and maintain a knowledge store.

What is The Oracle KM?

A hosted knowledge management system that makes documenting your business a breeze. It is based on questions, answers and a natural language search that makes it a snap to find what you are looking for. We can even help you to populate the knowledge by providing a dedicated process specialist to help get you started. If you are struggling with knowledge retention due to staff turn over, The Oracle TM is a handy solution to building out company knowledge and making things easy to find later.

The Oracle KM is SaaS Enabled

There is nothing to install – we can configure the solution to meet your needs and host it in the cloud on dedicated, local hosting. We can also brand it with your company colours and logo to help make it feel like your own tailor-made solution.The system is secure and protected by MFA for peace of mind. The Oracle KM is a very easy system to use and your staff will find it easy to access information and makes it easy for them to invest in expanding the knowledge base.

The Oracle KM is a Computing Australia solution to all these problems. We have developed a natural language SaaS product that makes it easy to create and maintain a knowledge store. You will wonder how you ever managed without The Oracle.

The Oracle KM is a cost effective solution that returns enormous value for a reasonable monthly spend. It works hand in hand with other knowledge stores like SharePoint, Salesforce etc
